Detailed Action

1. This action is in response to the amendment filed 6-5-2007, wherein claims 1-5 were amended; and new claims 6-15 were added. Claims 1-15 are pending.

Examiners Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dicran Halajian on 8-7-2007. The changes made below are underlined, and deletions are in brackets [].

The Claims are amended as follows;

-- 5. (Currently Amended) The irradiation device as claimed in claim [5] 6, wherein the device comprises a sun-tanning device. --

-- 6. (New) An irradiation device comprising:

a base;

a support longitudinally extending from the base; and

a housing comprising at least one radiation unit and a radiation emission plane; and

a shaft which pivotally connects the housing to the support;
the housing being pivotable between an operational position
where the radiation emission plane is horizontal, and a rest
position where the radiation emission plane is vertical;

wherein the housing is movable between the operational
position and the rest position with a single rotation of the shaft
about a pivot axis extending through the shaft; and a gear system at the
connection point of the support to the housing. --

-- 11. (New) An irradiation device comprising:

a base;

a support extending from the base; and

a housing comprising at least one radiation unit and having a
longitudinal axis; and

a shaft which pivotally connects the housing to the support;
the housing being pivotable between a rest position where the
longitudinal axis is substantially parallel to the support and an
operational position where the longitudinal axis is not
substantially parallel with the support;

wherein the housing is movable between the operational
position and the rest position with a single rotation of the shaft

about a pivot axis extending through the shaft; and a gear system at the connection point of the support to the housing. --

Allowable Subject Matter

3. Claims 5-15 are allowed.

Examiner's statement of reasons for allowance

The following is an examiner's statement of reasons for allowance:

4. Claims 6 and 11 are allowed because prior art fails to show a lamp having a base; a support; a shaft; and a pivotable housing; where the housing is movable between an operational position and a rest position with a single rotation of the shaft about a pivot axis extending through the shaft; and a gear system at the connection point of the support to the housing.

5. Claims 5,7-10, and 12-15 are allowed by virtue of their dependency upon allowed claims 6 and 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Any inquiry concerning this communication or earlier communications should be directed to Phillip Johnston whose telephone number is (571) 272-2475.
